Dear Parkway Community,

Many of you may be wondering about prevention and safety related to the Coronavirus Disease 2019, or COVID-19. First, it is important to note there are no confirmed cases of COVID-19 in Michigan, but residents are still being urged by the Governor's office to take all necessary precautions to prepare and keep themselves and their families safe. According to the Michigan Department of Health and Human Services, the risk of outbreak is low, but the State is still making preparations to limit the spread and impact of COVID-19.

Rest assured, Parkway continues to work closely with and follow guidance from the [Macomb County Health Department](#), the [Michigan Department of Health and Human Services](#) and the [Centers for Disease Control and Prevention \(CDC\)](#).

The best prevention for COVID-19, **and any other virus**, such as the cold or flu, is to:

- Wash your hands often with soap and warm water for 20 seconds. If not available, use hand sanitizer.
- Avoid touching your eyes, nose or mouth with unwashed hands.
- Cover your mouth and nose with a tissue or upper sleeve when coughing or sneezing.
- Routinely clean/disinfect frequently touched surfaces.
- Avoid contact with people who are sick.
- If you are sick, please stay home and avoid contact with others.

The CDC will continue to prepare for the potential spread of COVID-19 and will provide guidance to K-12 schools ([Information for Schools](#)). For any questions, contact the Macomb County Health Department at (586) 469-5235 or visit <https://health.macombgov.org/Health-Programs-DC-Coronavirus>.

We will update families as appropriate moving forward.

In Christ,

Parkway Administration
