**FINE ARTS CURRICULUM (MS)**

# FINE ARTS CURRICULUM (MS)

Teachers encourage students to express and explore thoughts and ideas using their God-given abilities while creating in the visual arts. Teachers present the comprehensive art program from a Biblical Worldview while meeting state standards and benchmarks. Educators designed this course to meet the needs of all middle school students who would like to create art. Students cultivate a passion for individual ideas and expression, while making quality works of art. Areas of study include drawing, painting, design, ceramics, sculpture, fiber art, and animation. Students meet two periods a week.

# FINE ARTS CURRICULUM (MS)

Students continue their study of the instrument played during the previous school year. New band students are given the opportunity to choose an instrument and work their way up to the level of the second year band students. All these musicians display their God-given talent at least twice during the school year in concerts. This band is not an elective but a class taken by all sixth graders. Educators present all material from a Biblical Worldview.

# FINE ARTS CURRICULUM (MS)

These students have all played an instrument in band in the past and have chosen to develop their musicianship to give glory to God and listening pleasure to their audiences. This group performs at least three times during the school year. Individual students and/or groups may choose to participate in the MSBOA Solo and Ensemble Festival. This band class is an elective. Educators present all material from a Biblical Worldview.
